

National Science Foundation Research Experience for Undergraduates  
(REU) Program  
Dept. of Defense ASSURE Program

**ARIM: AUTOMOTIVE RESEARCH AND INDUSTRIAL MENTORSHIP  
REU PROGRAM AT OAKLAND UNIVERSITY**

**May 27 – August 1, 2008**

**Website: <http://me-reu.secs.oakland.edu>**

**BENEFITS:**

Participants in this 10-week summer program receive:

- **\$4,000** stipend and a small meal allowance.
- On-campus housing
- Up to \$400 to offset the costs of travel to Oakland University

**ELIGIBILITY:**

- Undergraduate engineering students entering junior or senior year (graduating after December 2008)
- Minimum GPA: 3.0
- Must have completed or currently be enrolled in a thermodynamics course
- Must be US citizen or permanent resident
- **Women and minorities are strongly encouraged to apply. No prior automotive or research experience required!**

**APPLICATION DEADLINE:**

**March 24, 2008.**

The dept of Mechanical Engineering at Oakland University (OU) will once again be hosting the Automotive Research and Industrial Mentorship (ARIM) Research Experience for Undergraduates (REU) program in the spring/summer of 2008. We are searching for eight talented and motivated undergraduate students to come to Oakland University for **10 weeks** to work on **automotive-related research** projects in the areas of fluid mechanics, heat transfer, energy or tribology. No prior automotive or research experience required!

**Program highlights include:**

- Students get paid to work on automotive Research projects
- One-on-one interactions with faculty & industrial mentors
- Industrial and Research Lab tours
- Seminars on automotive topics by experts in the field
- Interactions with automotive engineers
- Information about graduate school, engineering and research careers
- Opportunity to improve communication skills
- Develop friendships and mentoring relationships
- A great learning experience and a lot of fun!!

**About OU:** Oakland University is located in Rochester, MI, near the world headquarters and engineering centers of Chrysler, LLC., Ford Motor Co., General Motors Corp. as well as over one hundred automotive suppliers in southeast Michigan. <http://www.oakland.edu>
